## EDUCATION

### Western University

*B.Sc. in Computer Science with Ivey Advanced Entry Opportunity (AEO)*

London, ON

Sept 2025 – May 2029

## EXPERIENCE

### Private Equity Analyst Intern

Aug 2026 – Dec 2026

*Buchan Capital*

*Vancouver, BC*

- Screened privately held companies against the fund's acquisition mandate, mapping fragmented sectors on revenue scale, margin profile, and owner-succession dynamics to build proprietary target lists
- Conducted company and sector diligence across 1,000+ targets using Apollo, Inven, and public filings to qualify leads and prioritize high-conviction deal flow for principal review
- Supported direct-to-owner origination campaigns and observed owner calls alongside the principal, tracking valuation expectations and deal considerations through qualification

### AI Consulting Intern

May 2026 – August 2026

*Intercept*

*Toronto, ON*

- Collaborated with the CTO to translate business requirements into AI-driven technical solutions and workflows for Fortune-500 companies
- Researched and evaluated 12+ emerging AI tools while developing prototypes and built 3 internal product solutions across agentic workflows
- Authored 3 strategic slide decks presented directly to C-suite and VP-level stakeholders.

### AI/ML Research Analyst

Jan 2026 – May 2026

*University Health Network*

*Toronto, ON*

- Analyzed large structured clinical datasets in Python (Pandas) to identify and quantify risk-adjusted outcomes
- Implemented Kaplan–Meier estimators, Cox proportional hazards models, and DeepSurv neural networks to analyze time-to-event outcomes for liver failure

### Director of Operations

Sept 2023 – Present

*Gen Connect*

*Toronto, ON*

- Founded a registered non-profit from inception with full P&L accountability, overseeing budget management, financial planning, and long-term capital allocation
- Directed logistics and digital tools for 15+ community events hosting 1000+ total participants
- Executed data-driven marketing strategies that increased attendance and volunteer engagement by 40%

### Vice President of Projects

Oct 2025 – May 2027

*Western Founders Network (Western's Largest Business, Tech, and Entrepreneurship Club)*

*London, ON*

- Oversaw a portfolio of student-led ventures, applying project governance and milestone-tracking frameworks to keep initiatives on scope and on budget
- Synthesized complex technical concepts (React, APIs, Git) into structured workshops for non-technical audiences

## PROJECTS

### Equity Research & Valuation — Micron Technology (NASDAQ: MU)

2026

*Excel, Python (Pandas), Financial Modeling*

*Toronto, ON*

- Built a three-statement model and five-year DCF for Micron, discounting unlevered FCF at WACC with terminal value cross-checked via perpetuity-growth and exit-multiple methods
- Triangulated price target via comps analysis (EV/EBITDA, P/B), identifying HBM mix shift and memory-pricing cycle as primary valuation drivers

### Commercial Real Estate Financial Modeling Project

2026

*Excel, Python (Pandas), Financial Modeling*

*Toronto, ON*

- Constructed a multi-scenario DCF and cash-flow model for an income-producing property in Excel, sizing cap rate, unlevered IRR, and equity returns across base, upside, and stress cases
- Modeled debt structures using leverage assumptions, interest rates, and DSCR constraints to evaluate returns
